

ROBERTA "BOBBIE" ORSI, R.N., CDE

Bobbie Orsi is a registered nurse with over twenty-five years of strong experience in emergency care and critical care in hospital settings. Five years ago, she shifted her emphasis to prevention. She joined the Berkshire Medical Center's "Accent on Health" and Director of their community outreach and health promotion program. She organizes wellness screenings and education programs throughout the area and is in frequent demand as a speaker for civic, church and professional organizations.

Her credentials include:

- Bachelor of Science in Nursing from the University of Massachusetts
- Certified Diabetes Instructor
- Member, Massachusetts Department of Public Health (MDPH) Cardiovascular Task Force
- Member, MDPH Diabetes Task Force
- Member, MDPH Housatonic River Area Advisory Committee
- Member, American Heart Association Berkshire Country Board
- Member, HospiceCare in the Berkshires Board
- Member, Salvation Army Board

Mrs. Orsi's extensive knowledge of healthcare systems and her focus on risk reduction through lifestyle change makes her an exceptional asset to the HeartVentures team.
